Messages of Congratulations

“On behalf of the New Zealand government and people, congratulations to all the 2019 Fulbright recipients. Since its inception over seventy years ago, the Fulbright programme has helped foster relationships between New Zealand and the United States through academic excellence and enrichment.

We encourage you to make the most of this unique opportunity to gain deeper experience and understanding in your chosen fields, while building enduring connections. We wish you all the best.”

Rt. Hon Winston Peters

*Deputy Prime Minister and Minister of Foreign Affairs, New Zealand
Honorary Chairperson, Fulbright New Zealand*

“To all the Fulbright grantees receiving awards tonight, please accept my sincere congratulations. Your presence here is a testament to years of hard work that has already resulted in substantial achievement. We look forward with great anticipation to seeing what will be accomplished as a result of your Fulbright exchange. We celebrate with you as you embark on this journey of learning and sharing. We acknowledge the support of friends, family and colleagues who have helped you to reach this place, as well as the ongoing partnership between the United States and New Zealand that makes this opportunity possible for each one of you. We trust that as a result of this award you will forge new bonds of friendship that will help to keep this relationship between our nations strong for many years to come. Congratulations!”

Scott P. Brown

*US Ambassador to New Zealand
Honorary Chairperson, Fulbright New Zealand*

“On behalf of the Board of Directors and staff of Fulbright New Zealand, I welcome this year’s grantees to the Fulbright New Zealand family of more than 3,600 esteemed alumni.

We warmly congratulate each of you on your achievement in joining the rich tradition of academic exchange between the United States of America and New Zealand. We encourage you to embrace this opportunity to meet new friends, step outside your comfort zone and gain new knowledge – and to contribute towards the Fulbright mission of mutual understanding, collaboration and global friendship.

Fulbright New Zealand’s Board and staff will work with you so that you can make your Fulbright exchanges a success in all regards. We wish you the very best for the journey ahead.”

The Fulbright Programme

The Fulbright programme of international educational exchange was an initiative of US Senator J. William Fulbright from Arkansas, who in the aftermath of World War II believed that mutual understanding between different countries and cultures was crucial to ensure a peaceful future for the world.

The Fulbright Act, an ingenious piece of legislation passed by the United States Congress in 1946, directed proceeds from the sale of surplus war property, foreign loan repayments and reparations to fund the “promotion of international good will through the exchange of students in the fields of education, culture, and science.”

In Senator Fulbright’s own words, the Fulbright programme aims “to bring a little more knowledge, a little more reason and a little more compassion into world affairs and thereby to increase the chance that nations will learn at last to live in peace and friendship.”

New Zealand was the fifth country to sign up to the Fulbright programme by bilateral treaty with the United States of America, in 1948. Since then Fulbright New Zealand has granted more than 3,000 exchange awards, sending over 1,900 New Zealand graduate students, artists, academics, teachers and professionals on exchanges to the US and welcoming over 1,570 Americans on exchanges to New Zealand.

Fulbright New Zealand is jointly funded by the US and New Zealand governments with additional funding from award sponsors, private philanthropists and alumni donors. It is governed by a twelve member Board of Directors comprised of six New Zealanders and six Americans.

The Fulbright programme has been described as one of the largest and most significant movements of scholars across the face of the earth and now operates in over 155 countries, funding around 8,000 exchanges per year for participants to study, research, teach or present their work in another country.

The more than 300,000 Fulbright alumni worldwide include heads of state, cabinet ministers, ambassadors, politicians, judges, heads of corporations, university presidents, journalists, artists, professors and teachers.

Esteemed alumni of the Fulbright programme include Dame Marie Clay, Sir Kenneth Keith, Sir Wallace Rowling, Dame Anne Salmond, David Cunliffe, Gareth Farr, Witi Ihimaera, Michael King, Alan MacDiarmid, Bill Manhire, Ron Paterson, Jan Wright and many other prominent New Zealanders.

Fulbright grantees make the most of their exchanges to get to know and understand a different country and culture, to advance themselves academically or professionally and to make lifelong friendships and professional relationships. Many look back on their Fulbright exchange as a life-changing experience and a defining moment of their career.

Fulbright Graduate Programme

Fulbright New Zealand offers a range of awards to New Zealand and American graduate students to study or research in each other's countries. Grantees are selected on the basis of academic excellence, leadership potential and ambassadorial qualities. In addition to award payments towards study or research, all grantees receive return airfares, a health benefit plan, enrichment activities and programme support during their exchange.
