MESSAGES OF CONGRATULATIONS

"Mānawa maiea te putanga o Matariki,
Mānawa maiea te ariki o te rangi,
Mānawa maiea re Mātahi o te Tau"

"Celebrate the rising of Matariki,
Celebrate the rising of the Ariki of the sky,
Celebrate the rising of the New Year"

On behalf of the New Zealand Government, I congratulate the 2023 Fulbright Scholarship recipients. The Fulbright New Zealand programme honours the best and brightest from New Zealand and the United States. It represents a long-standing tradition of excellence, exchange and friendship between our two nations.

It is fitting that we celebrate your success as we approach Matariki, a time when we give thanks for new beginnings. I encourage all recipients to treasure this new and exciting opportunity and to focus on always making the most of your Fulbright learnings and experiences - for the betterment of yourself, your whānau and your community. I wish you every success.

Hon Nanaia Mahuta

*Minister of Foreign Affairs, New Zealand
Honorary Chairperson, Fulbright New Zealand*

Kia ora and congratulations to the 2023 Fulbright Scholarship recipients. This year marks 75 years of Fulbright in New Zealand. Three quarters of a century of academic excellence and professional opportunities between the United States and New Zealand is certainly worthy of celebration!

In becoming a Fulbrighter, you join a global community of exceptionally talented people and I commend you as you take your place among them. The late Senator J. William Fulbright envisioned the Fulbright program as providing a pathway to a more peaceful future through greater mutual understanding between different countries and cultures. As you begin this exciting new chapter in your life, I hope that you will keep his vision in mind and know that you are playing a part in making the world a better place.

I wish you all the best. Kia kaha!

Tom Udall

*US Ambassador to New Zealand, Samoa, Niue, and the Cook Islands
Honorary Chairperson, Fulbright New Zealand*

Tēnā koutou. On behalf of Fulbright New Zealand's Board of Directors and staff, my heartfelt congratulations to the 2023 grantees! As we celebrate 75 years of Fulbright in New Zealand, I reflect on what a taonga the Fulbright Programme is. It fosters the best minds and the most exceptional people to ensure a better, brighter, and more peaceful future for us all.

As a Fulbright alumna, I hope that you find this experience as enriching, challenging and life-changing as I have – and that you will return home with a wealth of knowledge and insights to share. We warmly welcome you to the Fulbright family and hope you will stay in touch with us, sharing your stories and successes, while on award and beyond. We wish you all the best as you embark on this exciting adventure. Ngā manaakitanga.

Wendy Larner

*Former Provost of Te Herenga Waka - Victoria University of Wellington
and Vice Chancellor and President Elect of Cardiff University
Chairperson of the Board, Fulbright New Zealand*

THE FULBRIGHT PROGRAMME

The Fulbright programme of international educational exchange was an initiative of US Senator J. William Fulbright from Arkansas, who in the aftermath of World War II believed that mutual understanding between different countries and cultures was crucial to ensure a peaceful future for the world.

The Fulbright Act, an ingenious piece of legislation passed by the United States Congress in 1946, directed proceeds from the sale of surplus war property, foreign loan repayments and reparations to fund the “promotion of international good will through the exchange of students in the fields of education, culture, and science.”

In Senator Fulbright’s own words, the Fulbright programme aims “to bring a little more knowledge, a little more reason and a little more compassion into world affairs and thereby to increase the chance that nations will learn at last to live in peace and friendship.”

New Zealand was the fifth country to sign up to the Fulbright programme by bilateral treaty with the United States of America, in 1948. Since then Fulbright New Zealand has granted more than 3,000 exchange awards, sending over 1,900 New Zealand graduate students, artists, academics, teachers and professionals on exchanges to the US and welcoming over 1,600 Americans on exchanges to New Zealand.

Fulbright New Zealand is jointly funded by the US and New Zealand governments with additional funding from award partners, private philanthropists and alumni donors. It is governed by a Board of Directors comprised of New Zealanders and Americans.

The Fulbright programme has been described as one of the largest and most significant movements of scholars across the face of the earth and now operates in 165 countries, funding around 8,000 exchanges per year for participants to study, research, teach or present their work in another country.

The more than 400,000 Fulbright alumni worldwide include heads of state, cabinet ministers, ambassadors, politicians, judges, heads of corporations, university presidents, journalists, artists, professors and teachers. Esteemed alumni of the Fulbright programme include Dame Marie Clay, Sir Kenneth Keith, Sir Wallace Rowling, Dame Anne Salmond, David Cunliffe, Gareth Farr, Witi Ihimaera, Michael King, Alan MacDiarmid, Bill Manhire, Ron Paterson, Jan Wright and many other prominent New Zealanders.

Fulbright grantees make the most of their exchanges to get to know and understand a different country and culture, to advance themselves academically or professionally and to make lifelong friendships and professional relationships. Many look back on their Fulbright exchange as a life-changing experience and a defining moment of their career.

FROM THE EXECUTIVE DIRECTOR

Congratulations to the 2023 Fulbright New Zealand cohort! It is wonderful to be able to celebrate your success with you and we warmly welcome you to the Fulbright whānau.

Over the past three years, we have had to flex and adapt our programme to manage through the challenges of the pandemic and border closures. However, I am thrilled to report that this year we have at last been able to fully return to the business of in-person educational and cultural exchange, which is at the heart of the Fulbright programme.

We are delighted to have been able to welcome our US Fulbright grantees back, some of whom had to wait almost three years to be here. While the circumstances for the delays were challenging, it is exciting to now be able to say we have three cohorts in the country, a total of 27 US grantees in Aotearoa at the present time!

We are also thrilled to recognise and celebrate a full cohort of 26 New Zealand Fulbright grantees who will be heading to the US to take up their awards very soon.

This year is also significant in that we are marking 75 years of Fulbright in New Zealand. I reflect on and am grateful for the learning, friendship, exchange, compassion and mutual understanding that this programme has enabled over that long period.

My final words are of thanks to our Board Chair and Fulbright alumna, Wendy Lerner, who has been appointed Vice Chancellor and President of Cardiff University in Wales. Sadly, this means that Wendy will be stepping down as Chair this year, but she has graciously agreed to continue remotely for a few more months while the formal process of the appointment of new board members is finalised. We thank Wendy for her wonderful contribution to Fulbright New Zealand and wish her well in Wales.

Ngā mihi nui,

Penelope Borland
Executive Director, Fulbright New Zealand
